

Tyre Lube

Art.: 03.0124.6100
Aerosol can 500 ml

Tyre Lube is a high-quality lubricant for (de)mounting rubber parts such as car tyres, window rubbers, etc. Specially designed for professional (de)mounting of all modern tyres such as Runflat and PAX, truck, tractor, forklift and motorcycle tyres, both on steel and on delicate light-metal rims. Dries evenly without leaving unpleasant white marks.

Base:	Essential oil and emulsifying agents
Density:	878 kg/m ³
Consistency:	Pasty (ready-to-use in aerosol)
Solvents:	Organic solvents
Flash point:	< 0°C
Odour:	Typical, characteristic pleasant smell
Percentage of solids:	± 1%
Application conditions:	+10°C to +35°C
Type of surface:	Rubber, aluminium, paints and plastics. Also perfectly suitable for pulling wires and cables through conduits and cable ducts.
Application method:	Shake well before use. Then spray a uniform dense layer of the product onto the tyre and/or rim base or onto the rubber parts to be (de)mounted.
Cleaning of materials used:	With Innotec Multisol
Cleaning of hands:	With Innotec Safe Hand Clean Plus and water
Shelf life:	12 months
Storage conditions:	Store cool and dry
Type of batchcode:	F
EAN Code:	5400563015667

This technical info sheet replaces all previous versions.

All information is supplied without obligation and based on our knowledge and experience with the product under normal conditions. In practice, the information supplied can in no way replace the tests that need to be performed before first use of the product. Only prior testing of the product can prove whether the product is indeed suitable for the intended application (or not). Thus, we cannot accept any responsibility in case our products are not used in compliance with the advices given.

If the product should not meet the quality requirements, we will only reimburse up to a maximum of the purchase price of the product. We accept no

responsibility whatsoever and shall under no circumstances be liable for damage or consequential loss arising from the use of the product.

For information concerning safe use and storage, please refer to the safety data sheet of the product concerned.
