

## DPF Doctor

Art.: 04.2115.9999

Aerosol can 500 ml

DPF Doctor is an effective cleaner for loosening and removing carbon and soot pollution in the diesel particulate filter system, without having to dismantle the DPF. Due to its unique foaming the product penetrates deep into the porous ceramic honeycomb body of the filter. DPF Doctor can also be perfectly used to clean the EGR system.

Base:	Non-ionic surfactants
Density:	1011 kg/m <sup>3</sup>
Consistency:	Closed stable foam
Solvents:	Aliphatic hydrocarbons
Flash point:	< 0°C
Pressure (at 20°C):	8 bar
Application conditions:	Let the engine cool down before use!
Application method:	When the engine is cold, dismount the pressure sensor from the filter or disconnect the filter on the engine side. Shake can well before use. Insert the included tube as far as possible into this opening and spray until EMPTY in 3 to 5 times, each time with an interval of 5 minutes. Assemble everything back in its original state and let the engine idle for 5 minutes. If necessary, blow air through the vacuum tubes of the differential pressure sensor. Then make a test drive, so that regeneration is activated. If necessary, clear out the error codes from the memory of the vehicle.
Cleaning of materials used:	With Innotec <a href="#">Multisol</a>
Cleaning of hands:	With Innotec <a href="#">Safe Hand Clean Plus</a> and water
Shelf life:	12 months in original, unopened packaging
Storage conditions:	Store cool and dry
Type of batchcode:	F
EAN Code:	5400563023327

This technical info sheet replaces all previous versions.

All information is supplied without obligation and based on our knowledge and experience with the product under normal conditions. In practice, the information supplied can in no way replace the tests that need to be performed before first use of the product. Only prior testing of the product can prove whether the product is indeed suitable for the intended application (or not). Thus, we cannot accept any responsibility in case our products are not used in compliance with the advices given.

If the product should not meet the quality requirements, we will only reimburse up to a maximum of the purchase price of the product. We accept no

responsibility whatsoever and shall under no circumstances be liable for damage or consequential loss arising from the use of the product.

For information concerning safe use and storage, please refer to the safety data sheet of the product concerned.
