

TECHNICAL INFO

Nanosponge

Art.: 04.1709.0100 Plastic bag 6 pieces

Thanks to its unique composition and structure, this special nanosponge is perfectly suitable for cleaning all kinds of smooth surfaces. Can be used in combination with Innotec (chemical) cleaning products. Also ideal for cleaning PVC elements and all sorts of accessories in and around swimming pools. Never use the nanosponge on surfaces which are susceptible to scratching (e.g. car paint)!

Base:	Melamine
Density:	11 kg/m³
Dimensions:	110 mm x 65 mm x 25 mm
Hardness:	Open cellular structure
Solvent resistance:	Moderate to good
Type of surface:	Suitable for nearly all smooth surfaces, e.g. plastics, glass and metal, except for painted, polished and other scratch sensitive surfaces (always test on a non-visible area!).
Instructions for use:	Always rinse out with clean water before use. The sponge should be used slightly damp. Rub the sponge over the surface using minimal pressure and circular movements. Always wipe off the surface with a clean Inno-Cleaner and pure water. If used in combination with a chemical cleaner, the sponge will strengthen the cleaning power.
Other details:	ATTENTION: the nanosponge can cause damage to surfaces which are susceptible to scratching!
EAN Code:	5400563022887

This technical info sheet replaces all previous versions.

All information is supplied without obligation and based on our knowledge and experience with the product under normal conditions. In practice, the information supplied can in no way replace the tests that need to be performed before first use of the product. only prior testing of the product can prove whether the product is indeed suitable for the intended application (or not). Thus, we cannot accept any responsibility in case our products are not used in compliance with the advices given.

If the product should not meet the quality requirements, we will only reimburse up to a maximum of the purchase price of the product. We accept no responsibility whatsoever and shall under no circumstances be liable for damage or consequential loss arising from the use of the product.

For information concerning safe use and storage, please refer to the safety data sheet of the product concerned.
