

## Self-Sealing Tape

Art.: 05.0344.0000

Roll 10 m

Self-sealing Tape is a solid, vulcanising tape activated by stretching, which fuses to form a homogenous, completely airtight and watertight mass after use. The product is perfectly suitable for spitting, joining and insulating electrical cables up to 45,000 volts.

Base:	Polyisobutylene rubber
Dimensions:	19 mm x 0,5 mm x 10 m
Temperature resistance:	-40°C to +90°C
Peak temperature resistance:	110°C
Water resistance:	Excellent
Saltwater resistance:	Good
Solvent resistance:	Good
Acid resistance:	Good
Dielectric strength:	Very high, 45 Kv/mm
Electrical insulating resistance:	1,5 x 10 <sup>13</sup> ohm.m
Application conditions:	Self-Sealing Tape can be applied at almost any temperature. At very low temperatures the vulcanisation will take a bit longer, but this does not influence the end result at all.
Type of surface:	Electrical cabling. Self-Sealing Tape can be used on many types of surfaces to make emergency repairs.
Surface preparation:	The surface must be clean, dry and free of grease.
Application method:	Cut or tear off the required length and remove the protective film. Stretch the tape and apply with a 50% overlap.
Shelf life:	5 years in original, unopened packaging
Storage conditions:	Store cool and dry, at a temperature between +5°C and 20°C
Type of batchcode:	F
EAN Code:	5400563025833

This technical info sheet replaces all previous versions.

All information is supplied without obligation and based on our knowledge and experience with the product under normal conditions. In practice,

the information supplied can in no way replace the tests that need to be performed before first use of the product. only prior testing of the product can prove whether the product is indeed suitable for the intended application (or not). Thus, we cannot accept any responsibility in case our products are not used in compliance with the advices given.

If the product should not meet the quality requirements, we will only reimburse up to a maximum of the purchase price of the product. We accept no responsibility whatsoever and shall under no circumstances be liable for damage or consequential loss arising from the use of the product.

For information concerning safe use and storage, please refer to the safety data sheet of the product concerned.
