

TECHNICAL INFO

Precision Drill Bits 1,0 mm

Art.: 90.1081.9999

The InnoQuip Precision Drill Bits are part of the Innotec Windshield Repair System and are very high-quality steel bits. These drill bits make it possible to drill the impact point of the damage on the windscreen with great accuracy, allowing the repair resin to permeate the repair area.

EAN Code: 5400563032510

This technical info sheet replaces all previous versions.

All information is supplied without obligation and based on our knowledge and experience with the product under normal conditions. In practice, the information supplied can in no way replace the tests that need to be performed before first use of the product. Only prior testing of the product can prove whether the product is indeed suitable for the intended application (or not). Thus, we cannot accept any responsibility in case our products are not used in compliance with the advices given.

If the product should not meet the quality requirements, we will only reimburse up to a maximum of the purchase price of the product. We accept no responsibility whatsoever and shall under no circumstances be liable for damage or consequential loss arising from the use of the product.

For information concerning safe use and storage, please refer to the safety data sheet of the product concerned.
