

Deblock Ice

Art.: 03.1106.9999

Aerosol can 500 ml

Deblock Ice is a powerful MoS₂-based rust remover which, thanks to the perfect combination of an exceptional shock-freeze effect and a strong capillary action, makes it easy to loosen rusted parts in no time and thus facilitates disassembly.

Base:	Mixture of mineral oils, slowly evaporating solvents, corrosion inhibitors and molybdenum disulfide (MoS ₂)
Density:	580 kg/m ³
Consistency:	Liquid (ready-to-use in aerosol)
Viscosity:	± 2,5 mPa.s (20°C)
Flash point:	< 0°C
Pressure resistance:	Excellent, due to MoS ₂ content. Not suited, however, to extremely severe circumstances.
Temperature resistance:	-180°C to +350°C
Water resistance:	Good. Contains waterresistant additions.
Penetration ability:	Excellent, due to MoS ₂ content
Application conditions:	-20°C to +40°C
Type of surface:	All kind of metals
Surface preparation:	The surface must be clean, dry and free of grease.
Application method:	Shake well before use. Spray Deblock Ice from a very short distance onto the seized part until the desired cooling is obtained. Allow the oil to penetrate for a short time. Repeat the process several times if necessary.
Cleaning of materials used:	With Innotec Multisol or Innotec Power Clean
Cleaning of hands:	With Innotec Safe Hand Clean Plus and water
Shelf life:	24 months in original, unopened packaging
Storage conditions:	Store cool and dry
Type of batchcode:	F
Other details:	Black liquid with ice effect immediately after application Silicone-free!
EAN Code:	5400563016756

This technical info sheet replaces all previous versions.

All information is supplied without obligation and based on our knowledge and experience with the product under normal conditions. In practice, the information supplied can in no way replace the tests that need to be performed before first use of the product. Only prior testing of the product can prove whether the product is indeed suitable for the intended application (or not). Thus, we cannot accept any responsibility in case our products are not used in compliance with the advices given.

If the product should not meet the quality requirements, we will only reimburse up to a maximum of the purchase price of the product. We accept no responsibility whatsoever and shall under no circumstances be liable for damage or consequential loss arising from the use of the product.

For information concerning safe use and storage, please refer to the safety data sheet of the product concerned.
