

Fast-Fix 0,5 cm

Art.: 80.0032.0000

Roll 30,4 m

Fast-Fix is a unique universal cable bundling system, nowadays often mounted as an OEM piece. It has a special structure of woven plastic, which provides very firm, but extremely flexible and wear-resistant protection.

Base:	Woven polyethylene terephthalate (PET)
Density:	1380 kg/m ³
Dimensions:	0,5 cm x 30,4 m
Temperature resistance:	-75°C to +125°C
Melting point:	250°C
UV resistance:	Good
Water resistance:	Very good
Solvent resistance:	Good
Abrasion resistance:	Very good
Application conditions:	No restriction
Application method:	Direct from the roll. Cut off the right amount and bind cables. Finish ends using a product such as Innotec Self-Sealing Tape .
Shelf life:	Unlimited
Storage conditions:	No restriction
EAN Code:	5400563030431

This technical info sheet replaces all previous versions.

All information is supplied without obligation and based on our knowledge and experience with the product under normal conditions. In practice, the information supplied can in no way replace the tests that need to be performed before first use of the product. Only prior testing of the product can prove whether the product is indeed suitable for the intended application (or not). Thus, we cannot accept any responsibility in case our products are not used in compliance with the advices given.

If the product should not meet the quality requirements, we will only reimburse up to a maximum of the purchase price of the product. We accept no responsibility whatsoever and shall under no circumstances be liable for damage or consequential loss arising from the use of the product.

For information concerning safe use and storage, please refer to the safety data sheet of the product concerned.
