

Leak Tracer

Art.: 80.0112.9999

Aerosol can 500 ml

Leak Tracer is a safe and non-flammable system to quickly and efficiently detect many kinds of leaks to gas systems, tanks, air compression systems, pipes, compressors, etc.

Base:	Mixture of surface active ingredients and corrosion inhibitors
Density:	$\pm 1005 \text{ kg/m}^3$
Viscosity:	1,0 mPa.s
Electrical conductivity:	Yes. Not suitable for use on electronics.
Tests:	Meets DIN EN 14291 and has been DVGW approved, so safe to detect leakages in gas pipes
Application conditions:	+5°C to +40°C
Type of surface:	Most surfaces
Surface preparation:	The surface must be free of heavy dirt, grease and oil.
Application method:	Spray lightly on the surface. The foam indicates the location of the leak.
Cleaning of materials used:	With water
Cleaning of hands:	With Innotec Safe Hand Clean Plus and water
Shelf life:	2 years in original, unopened packaging
Storage conditions:	Store cool and dry
Type of batchcode:	F
EAN Code:	5400563030639

This technical info sheet replaces all previous versions.

All information is supplied without obligation and based on our knowledge and experience with the product under normal conditions. In practice, the information supplied can in no way replace the tests that need to be performed before first use of the product. Only prior testing of the product can prove whether the product is indeed suitable for the intended application (or not). Thus, we cannot accept any responsibility in case our products are not used in compliance with the advices given.

If the product should not meet the quality requirements, we will only reimburse up to a maximum of the purchase price of the product. We accept no responsibility whatsoever and shall under no circumstances be liable for damage or consequential loss arising from the use of the product.

For information concerning safe use and storage, please refer to the safety data sheet of the product concerned.
